

Instruction for 1C Online Link

Google Chrome

- If you experience problems while opening 1C in your **Google Chrome**, please proceed with the following steps.

A new window has been blocked, presumably by the pop-up blocker.

To proceed, configure your web browser.

To view the instruction, click *View instruction*.

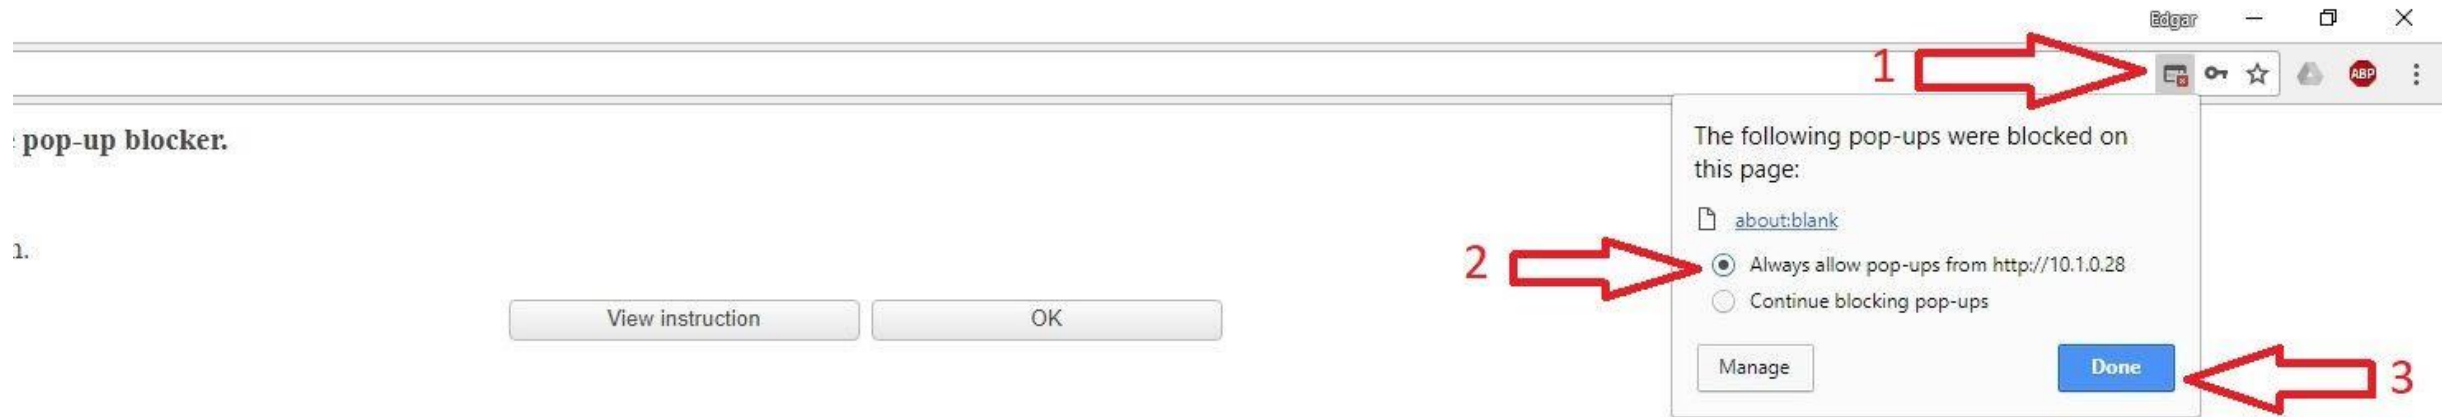

When you are done, click *OK* and restart the application.

View instruction

OK

Google Chrome

- Press on "**Pop-up blocked**", select option "**Always allow pop-ups from <http://10.1.0.28>**" and click "**Done**"

- It will ask you to restart the page and you can proceed with login.

Mozilla Firefox

- Instruction for **Mozilla Firefox** users.
